CAPIC Consortia Cohort Agreement

Last updated 10 December 2019 (RP)

CAPIC internship criteria requires that internships have a minimum of two (2) half-time and/or full-time doctoral psychology interns at the internship level of training on-site during any period of training. Practicum students do not qualify for these purposes. Neither do postdocs. Other interns (e.g. APA or APPIC) do qualify. The intention of this criterion (Item #10) is to allow opportunities for personal (face-to-face) interaction with peers in formal settings in the training program and on the training site each week.

For internship sites that do not meet the minimum cohort requirement on-site at their agency, CAPIC has created an alternative Cohort Agreement that will allow the internship agency to meet our criteria by creating an internship cohort across agencies.

Internships can partner with other CAPIC internship sites that do – or do not – meet our minimum cohort requirement and are willing to join the cohort consortium to expand the peer interactions for their interns. These peer interactions may be in-person or by video conference (e.g. Skype), should occur on a weekly basis, and could be coincident with CAPIC's weekly training requirements.

Internships should use the [CAPIC's online internship directory platform](#) to help identify other internships with whom to partner. You may find other internships geographically near yours, but remember, an internship need not be nearby to meet the terms of this Consortia Cohort Agreement.

This agreement covers one internship training year with the expectation that the internships will, in good faith, attempt to fulfill minimum cohort on-site in the following internship training year.

A copy of this document shall be maintained by the internship and made available to the CAPIC office upon request.

When completing the annual QA Attestation, this Consortia Cohort Agreement is given as an option for meeting CAPIC's Minimum Cohort requirement, and should be selected, as appropriate.

Thank you for your participation and cooperation here to help ensure our interns obtain a quality internship experience. Many thanks!
